# Sections

# Section 1: The Michigan Incident Crime Reporting Program (MICR)

**Incident Based Reporting – Collection of Data**: In 1989, the Federal Bureau of Investigation's (FBI) Uniform Crime Reporting (UCR) program implemented the National Incident Based Reporting System (NIBRS). The Michigan Incident Crime Reporting (MICR) program is Michigan's version of NIBRS. The MICR program was established and certified by the FBI in 1994. The federally required elements within MICR data are submitted to the NIBRS program.

**Federal Crime Data**: In 2021, the FBI introduced their Crime Data Explorer (CDE), a public facing dashboard, displaying all received state data in both Summary Reporting System (SRS) and NIBRS formats.

**State Crime Data**: Per Public Act 319, crime data is collected at the local agency level in the form of police reports, or incidents. In accordance with MICR specifications, law enforcement agencies then submit their incident data to the MICR program. MICR collects all data elements for 107 offenses, while NIBRS only collects all data elements for 71 offenses (known as Group A), and limited data elements for an additional 10 offenses (known as Group B) when an arrest is made. Therefore, the MICR crime database reflects more granular information than what is presented on the federal level.

Group A Offenses and Group B Arrests

The additional offenses collected by MICR are grouped into broader NIBRS offenses when submitted to the FBI. Because of this, crime counts for Michigan displayed in federal reports may differ from crime counts displayed in this annual report. For example, MICR collects an offense code for Robbery and a different offense code for Carjacking while NIBRS only collects Robbery. An incident in MICR containing a Robbery and a Carjacking, each with their own victim, would result in a MICR report that displays two different offenses and two victims. However, a NIBRS report would display two victims of one robbery because carjacking is grouped into robbery and, therefore, counted as one offense.

**Tribal Crime Collection**: Tribal law enforcement agencies currently have the option to submit directly to the FBI, or through their state's program (see Section 2 for more information). Therefore, incidents submitted directly to the FBI will be included in the CDE's display; these are not included in the annual Crime in Michigan reports, or any other reports generated from MICR data.

# Section 1:  Counting Crime

**Comparing Local, State, and Federal Crime Collections and Statistical Reports**:  While the federal level has NIBRS requirements, each state has their own requirements that may be the same as NIBRS, or very different.  In Michigan, like other states, MICR collects additional offenses and data elements.  The way data is collected, along with how data is displayed using different counting methodologies, will affect the way crime is perceived between state and federal level reports.

> Crime counts may differ between local, state, and federal data collections for a variety of reasons, including technical barriers with data transfer, crime counting methodology, reporting dates, and collected data elements and offenses.  When analyzing crime changes, one should consider missing data, population density/composition/stability, urbanization, modes of transportation, economic conditions, cultural characteristics, family cohesiveness, climate, strength and policies of the criminal justice system, and crime reporting practices of the citizenry.

**FBI's Caution in Ranking**:  Consumers of this data are discouraged from ranking individual jurisdictions, as doing so may lead to incomplete analysis creating misleading perceptions.  For more information on this topic, see the FBI's "Uniform Crime Reporting Statistics: Their Proper Use."

**Counting Methodology for this Annual Report**:  The below table explains how the type of crime (e.g., person, property, society, and other) is counted differently.  The examples in the table below describe how counts are determined when one or more type of crime is reported in the same incident.

| Type of Count | Method |
|---|---|
| Crime Counts | Dependent on crime category:<br>• Crimes Against Persons – Victim Counts<br>• Crimes Against Property* – Offense Counts<br>• Crimes Against Society – Offense Counts<br>• Crimes Against All Others – Offense Counts<br><br>*Exceptions:<br>• The Premises Entered field is used to count Burglary offenses, 22001 and 22002; if one offense of Burglary is reported with four Premises Entered, four offenses would be counted.<br>• The Number of Stolen/Recovered Vehicles is used to count Motor Vehicle Theft, 24001; if one offense of Motor Vehicle Theft is entered with three stolen vehicles, three offenses would be counted. |
| Victim Counts | Hierarchy used – when a victim is connected to multiple offenses, the victim is counted under the highest-ranked offense.  When multiple victims are present, each victim is counted. |
| Offense Counts | Total number of offenses submitted for each offense file class. |
| Incident Counts | Hierarchy used – total number of incidents for each offense file class is based on highest-ranking offense when multiple offenses exist. |

Example 1:  A person is raped and then murdered.
(In the hierarchy, murder is ranked higher than rape)
- Crime Count:  same as victim count (both offenses are crimes against persons)
- Victim Count:  one count for murder, no count for rape
- Offense Count:  both murder and rape would be counted
- Incident Count:  one count for murder

Example 2:  Two people are victims of larceny, and one is also a victim of damage to property.
(In the hierarchy, larceny is ranked higher than damage to property)
- Crime Count:  same as offense count (both offenses are crimes against property)
- Victim Count:  two counts for larceny, no count for damage to property
- Offense Count:  one count for larceny and one count for damage to property
- Incident Count:  one count for larceny

Example 3:  Ten people witness drunkenness and obscenity.
(In the hierarchy, drunkenness is ranked higher than obscenity)
- Crime Count:  same as offense count (both offenses are crime against society)
- Victim Count:  one count for drunkenness with one victim of society (regardless of number of people present), no count for obscenity
- Offense Count:  one count for drunkenness and one count for obscenity
- Incident Count:  one count for drunkenness

Example 4:  A family of five is the victim of trespass.
- Crime Count:  same as offense count (the offense is crime against other)
- Victim Count:  up to five counts for trespass
- Offense Count:  one count for trespass
- Incident Count:  one count for trespass

Example 5:  One person is a victim of robbery and kidnapping.
(In the hierarchy, robbery is ranked higher than kidnapping)
- Crime Count:  robbery is based on offense count (crime against property), and kidnapping is based on victim count (crime against person)
- Victim Count:  one count for robbery
- Offense Count:  one count for robbery and one count for kidnapping
- Incident Count:  one count for robbery

Example 6:  A family of four is the victim of motor vehicle theft; their car and truck were stolen.
- Crime Count:  motor vehicle theft is based on offense count (crime against property)
- Victim Count:  up to four counts for motor vehicle theft
- Offense Count:  two counts for motor vehicle theft
- Incident Count:  one count for motor vehicle theft

Example 7:  A hotel is a victim of burglary; five rooms were entered.
- Crime Count:  burglary is based on offense count (crime against property)
- Victim Count:  one count for burglary
- Offense Count:  five counts for burglary
- Incident Count:  one count for burglary

**MICR Offense File Classes to SRS Index Crime Map**

| SRS Index Crime | MICR Offense File Classes |

| Motor Vehicle Theft | 24001 - Motor Vehicle Theft |

# Section 1: Notes About the Data

**Frozen Data Date**:  Each year, MICR data is "frozen" on a specific date to create the Crime in Michigan Annual Report.  Agencies unable to submit complete data by March 1, 2023, will show artificially low crime counts in this report.  Any new or updated crime data submitted to the MICR database after the "frozen" date is not included in the report.

**Crime Categories**:  Beginning with the 2021 Crime in Michigan Annual Report, the following offenses were moved from one crime category to another.  This change effects the total category count when comparing year to year data.

- 22003 – Burglary Entry without Authorization with or without Force:  moved from Other to Property
- 38003 – Family Other:  moved from Other to Society
- 53002 – Public Peace Other:  moved from Other to Society

**Crime Rates**:  Also starting with the 2021 Crime in Michigan Annual Report, individual city and agency population estimates were provided by the FBI and utilized to determine crime rates.  Previously, those estimates were provided by the United States (U.S.) Census Bureau.  Regarding state crime rates, population estimates have always been provided by the U.S. Census Bureau.

**Updating Previous Year Data**:  With the 2021 Crime in Michigan Annual Report, updated counts of prior year crimes are included in tables displaying year comparisons.  In previous annual reports, all yearly counts were static snapshots taken directly from prior year annual reports.  They did not include updates reflecting new crimes reported, crimes determined to be unfounded or misreported and consequently deleted from the database, crimes with updated offenses, or crimes showing updated arrests since the annual report's frozen date.  In this 2022 Crime in Michigan Annual Report, all prior year crime counts are updated through the frozen date of this report, March 1, 2023.

**Hierarchy Note:**  MICR allows up to four offenses within an incident.  When offenses have the same hierarchical ranking, (see the Hierarchy table), the offense with the lowest offense code is counted.  For example, if an individual is a victim of 13002 – Aggravated Assault and 11007 – Sexual Contact Forcible CSC, the 11007 offense is counted.

**Data Collection Updates**:  The following highlights important data element and offense changes that may have a direct effect on the statistics produced in this report.

- Updated definition Offense 10002 – Parental Kidnapping to include "custodial parent(s) or legal guardian"
- Added Offense 39005 – Gambling, Other (Crime Against Society)
- Moved "Anti-Law Enforcement" from the Hate Bias section to the LEOKA section
- Added Victim Circumstance "Cyberbullying Resulting in Death"
- Added Offense 12001 – Car Jacking and 13004 – Non-Fatal Shooting
- Removed Bias "Anti-Homosexual" (users asked to use Anti-Lesbian or Anti-Gay) and added "Anti-Transgender" and "Anti-Gender Non-Conforming"
- Updated Race "Asian/Pacific Islander" to "Asian" and added "Native Hawaiian or Other Pacific Islander"
- Removed Victim to Offender Relationship "Homosexual"

When used properly, the data provided in this report can significantly contribute to management and planning activities at local, state, and federal levels, especially by state officials, law enforcement agencies, the legislature, and nonprofit organizations.  Questions on the proper use of MICR statistics can be directed to the MICR Unit at MICRMail@michigan.gov.  More information on the MICR program can be found on the MICR website:  https://www.michigan.gov/crs.

# Section 2: Agency Participation

In 2022, Michigan had 561 active law enforcement agencies in "MICR reporting" status. Of these 561 agencies, 512 submitted full or partial data to the MICR program before March 1, 2023. The remaining 49 agencies did not submit 2022 data. Agencies that report through another agency are not included in this section. Railroads, airports, and tribal agencies that do not participate (as they are not mandated by law) are not included in the non-participation list.

**Tribal Agencies**: Five of the 12 Michigan tribal agencies that submitted to MICR in 2022 are included in the overall state count and full participation count. Crime data submitted directly to the FBI is not included in this annual report. The five tribal agencies that submitted directly to the FBI, and the two that did not submit to either the FBI or the MICR program, are not included in the participating and non-participating agency lists.

| Did not report 2022 data to MICR or the FBI | |
|---|---|
| MI4596900 | Grand Traverse Tribal |
| MIDI05200 | Sault Ste. Marie Tribal |

## Section 2: County and City/Township Crime Counts

<u>County</u>:  Many agencies have jurisdiction in more than one county.  In 2022, the below agencies submitted at least one incident in more than one county.  When reviewing the Offenses and Arrests by County/Agency tables found in the supplemental reports and not in this publication, users should consider the same agency's crime data may be displayed across multiple counties depending on the county the crime occurred for the below listed agencies.

| Agency Name | Counties with 2022 data |
| --- | --- |
| Clare Police Department | Clare, Isabella |
| Columbia Township Police Department | Jackson, Lenawee |
| Delta College Department of Public Safety | Bay, Midland, Saginaw |
| Department of Natural Resources | All but Alger, Baraga, Cass, Delta, Houghton, Keweenaw, Presque Isle |
| East Lansing Police Department | Clinton, Ingham |
| Grand Valley State University Police Department | Kent, Ottawa |
| Great Lake Central Railroad Police Department | Grand Traverse, Gratiot, Isabella, Livingston, Shiawassee, Wexford |
| Grosse Pointe Shores Department of Public Safety | Macomb, Wayne |
| Gun Lake Tribe Department of Public Safety | Allegan, Kent, Ottawa |
| Hannahville Indian Comm Police | Delta, Menominee |
| Holland Department of Public Safety | Allegan, Ottawa |
| Huron-Clinton Authority, Stoney Creek Metro Park | Macomb, Oakland |
| Lansing Community College Department of Public Safety | Eaton, Ingham |
| Lansing Police Department | Eaton, Ingham |
| Little River Band Ottawa Indians Tribal Police Department | Luce, Manistee, Mason, Muskegon, Otsego, Ottawa |
| Mackinaw City Police Department | Cheboygan, Emmet |
| Michigan State Police | All Counties |
| Milan Police Department | Monroe, Washtenaw |
| Northville Police Department | Oakland, Wayne |
| Nottawaseppi Huron Potawatomi Tribal Police Department | Calhoun, Kalamazoo |
| Traverse City Police Department | Grand Traverse, Leelanau |
| University of Michigan Police Department, Ann Arbor | Kalamazoo, Livingston, Oakland, Shiawassee, Washtenaw, Wayne |

**City/Township**:  Several Michigan areas cross county borders.  When examining MICR reports by city/township code, users must add counts from all applicable counties to collect a true picture.  Please note the term "City/Township" refers to a City, Township, Village, College Campus, or other Unincorporated area.  See the MICR website for a full list of County and City/Township Code Combinations.

| City/Township | Counties |
|---|---|
| Clare | Clare, Isabella |
| East Lansing | Clinton, Ingham |
| GMI Engineering & Management Institute | Genesee, Wayne |
| Grand Ledge | Clinton, Eaton |
| Holland | Allegan, Ottawa |
| Kellogg Community College | Barry, Branch, Calhoun |
| Lansing | Clinton, Eaton, Ingham |
| Lansing Community College | Clinton, Eaton, Ingham, Livingston |
| Lennon | Genesee, Shiawassee |
| Memphis | Macomb, St. Clair |
| Niles | Berrien, Cass |
| Ovid | Clinton, Shiawassee |
| Richmond | Macomb, St. Clair |
| Saginaw Valley State University | Bay, Midland, Saginaw |
| South Haven | Allegan, Van Buren |
| Stoney Creek Park | Macomb, Oakland |
| Traverse City | Grand Traverse, Leelanau |
| Union City | Branch, Calhoun |

# Section 2: Full-Time Law Enforcement Employee Counts

Every year, the MICR program submits the Full-Time Law Enforcement Employee Counts (FTLEEC) to the FBI's Law Enforcement Employees data collection. These counts reflect each agency's employee counts as of October 31, 2022. For this report, if agencies do not submit updated FTLEEC data, prior year numbers may have been utilized.

Note: Agencies do not need to submit crime data to be included in the FTLEEC collection.

| Agency Type | Male Officer | Female Officer | Officer Total | Male Civilian | Female Civilian | Civilian Total | Male Total | Female Total | Grand Total |

| 2019 | 547 | 18,068 | 6,995 | 25,063 |

# Section 3: Michigan Index Crimes and Rates

Mirroring the FBI, Michigan's Index Crimes consist of violent offenses (Murder, Rape, Robbery, and Aggravated Assault) and property offenses (Burglary, Larceny, and Motor Vehicle Theft). The yearly counts below reflect all updates, to all years, submitted before the March 1, 2023, deadline.

Click here for the detailed explanation on how crime is counted.

**2022 Index Crime Summary:**

- Violent crime: decreased 7.3% from 2021, but increased 0.8% since 2018
    - Murder decreased 9.5% since 2021, but increased 22.3% since 2018
    - Rape decreased 6.7% from 2021, but decreased 20.9% since 2018
    - Robbery decreased 9.3% from 2021, but decreased 35.3% since 2018
    - Aggravated Assault decreased 7.2% from 2021, but increased 12.4% since 2018
- Property crime: increased 10.9% from 2021, but decreased 8.8% since 2018
    - Burglary increased 3.1% from 2021, but decreased 32.6% since 2018
    - Larceny increased 9.9% from 2021, but decreased 11.2% since 2018
    - Motor Vehicle Thefts increased 22.4% from 2021, but increased 50.2% in the 5-year period

### Violent Crime Rates 2018 – 2022

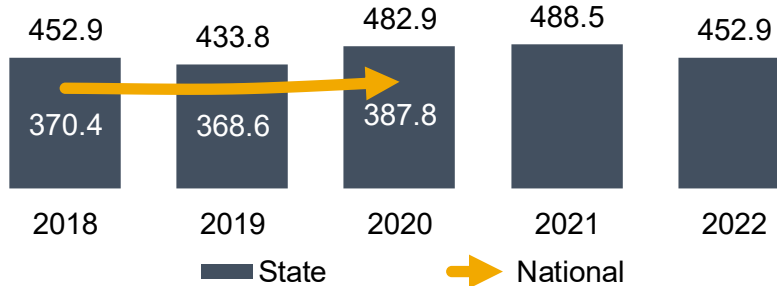

### Property Crime Rates 2018 – 2022

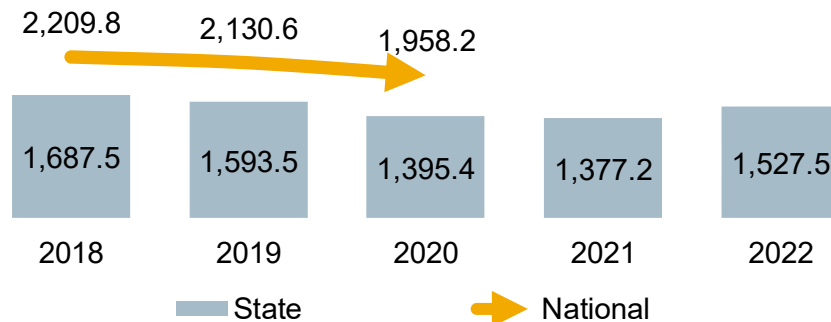

Crime Rates are determined by comparing the number of crimes in relation to the population counts, provided by the U.S. Census Bureau and are defined as the number of crimes per 100,000 people. FBI national crime statistics were unavailable for 2021 and 2022.

**Data Element Notes:**
- ✓ Location data reflects the actual use of a location/building at the time of the incident. Example: if a larceny occurred in a daycare located within a hospital, the location is daycare.
- ✓ Michigan's juvenile age was changed from "16 and under" to "17 and under" in 2021.
- ✓ Victim Sex category "Unknown" reflects when victim's sex is truly unknown or when victim's sex does not fit within the category of female or male.
- ✓ Victim Sex cannot be "Unknown" with offenses 11001 or 11002 due to sex-specific body parts.
- ✓ Tables for Location, Weapon, Victim Injury/Circumstance, and Victim to Offender Relationships will only display Data Elements with counts greater than zero.
- ✓ Due to rounding, percent totals may not equal 100.
- ✓ The arrest of one individual can clear multiple incidents.
- ✓ For a full description of Data Elements please reference the MICR Manual.

**Clearance Rates:** Based upon an arrest or clearing an incident by exceptional means. (Please visit the MICR website for more information on this topic)

# 2022 – Murder/Non-Negligent Manslaughter

**Definition:** The willful (non-negligent) killing of one human being by another. # 2022 – Hate Bias

**Definition**: A Hate Crime is a criminal offense committed against a person or property, which is motivated in whole or in part, by the offender's bias against a race, ethnic/national origin, religion, sexual orientation, or mental/physical disability group.

Each offense is sent to MICR with a Hate Bias selection. When looking at victim counts, note that this includes people (individual or police) as well as businesses or other organizations.

**2022 Summary:**
- 481 incidents
- 607 victims; 510 were people
- Race was the highest bias category at 68.7%
- Anti-Black/African American had the highest bias motivation within the Race category

<u>Note</u>: Historically, a bias on a law enforcement officer would have been counted under the option "Other" and were displayed in the 2020 and 2021 reports. Since this bias option is not covered under a current state or federal law, this information has been moved to the LEOKA section of this report and 2021 numbers in this section have been updated.

An incident is one or more offenses (crimes) committed by a person or group of persons acting together, at the same time and place. A victim of multiple hate crime offenses is counted for each offense. Therefore, the number of offenders can be lower than the number of victims.

# 2022 – Domestic Violence

**Definition**: Domestic Violence is the occurrence of any of the following acts, by a person, that is not an act of self-defense: causing or attempting to cause physical or mental harm to a family or household member, placing a family or household member in fear of physical or mental harm, causing or attempting to cause a family or household member to engage in involuntary sexual activity by force, threat of force, or duress, and/or engaging in activity toward a family or household member that would cause a reasonable person to feel terrorized, frightened, intimidated, harassed, or molested. This report uses hierarchy for victims of multiple offenses.

# 2022 – Domestic Violence
# Victim Injury, Weapon Used, and Victim to Offender Relationship

Note:  In 2013, officers were provided the ability to specifically indicate if an incident was domestic violence related by selecting a Domestic Violence (DV) Indicator on their incident reports.  The below counts are incidents where the DV indicator is equal to Yes and the victim to offender relationship was one listed in the "Victim to Offender Relationship" chart.  Relationship totals will not match the victim totals; some incidents had multiple offenders but only one victim or vice-versa.  Weapon is connected to victim, not offense.

# 2022 – Law Enforcement Officers Killed or Assaulted

The Law Enforcement Officers Killed or Assaulted (LEOKA) collection is separate from MICR's crime data collection.  Though officer assault and death information are collected through MICR data, officer deaths are followed up through the FBI's field office for additional information not captured in MICR submissions.  For inclusion in this collection, officers are defined as those meeting the following criteria:

- Wear/carry a badge and firearm
- Duly sworn with full arrest powers
- Was acting in an official capacity (on or off duty) at the time of assault or death.  If killed, the death was directly related to the injuries received during the incident

**2022 Summary:**
- No change in total number of officer deaths from 2018 to 2022
- Officer Assaults have steadily increased since 2015
- Analyzing only LEOKA offenses, there was an anti-law enforcement bias on 63 assault and intimidation offenses.  (Note: like any bias, not all victims must be police officers.)
   - 13001 – Non-Aggravated Assault = 14
   - 13002 – Aggravated/Felonious Assault = 21
   - 13003 – Intimidation/Stalking = 14
   - 13004 – Non-Fatal Shooting = 9

# 2022 – Secure Cities

The Michigan State Police began a Secure City initiative in 2012.  Michigan's 2022 Secure Cities include:  Benton Harbor, Detroit, Flint, Hamtramck, Harper Woods, Highland Park, Inkster, Lansing, Muskegon Heights, Pontiac, and Saginaw.  Crime counts include incidents from all law enforcement agencies reporting crimes for that city.

**Violent Crime compared to last year:**
- All had a decrease in Violent Crime except for Muskegon Heights; Flint had no change
- All had a decrease in Robbery except for Hamtramck and Highland Park; Pontiac had no change

**Property Crime compared to last year:**
- All had an increase in Property Crime except for Highland Park and Muskegon Heights
- All had an increase in Burglary except for Lansing, Muskegon Heights, and Pontiac

# Section 6:  Public Act 319 of 1968

**UNIFORM CRIME REPORTING SYSTEM, ACT 319 of 1968**
AN ACT to provide a uniform crime reporting system; to provide for the submitting of such report to the department of state police; to require submission of the report by certain police agencies; to require the reporting on wanted persons and stolen vehicles; to require the reporting of information regarding certain persons and unidentified bodies of deceased persons; to prescribe certain powers and duties of law enforcement agencies; and to vest the director of the department of state police with certain authority.  **History:**  1968, Act 319, Imd. Eff. July 3, 1968 ;-- Am. 1985, Act 204, Eff. Mar. 1, 1986

**28.251 Uniform crime reports; duties of police departments to file, contents.**
Sec. 1.  The police department of each city or village, any duly constituted police department of a township, and the sheriff's department of each county, once each month upon a date and form prescribed and furnished by the director of the department of state police, shall forward to the department of state police a crime report.  Each reporting department shall report only on cases within its jurisdiction and upon which it is making, or has made, the primary police investigation.  The report shall be called the uniform crime report and shall cover crimes reported and otherwise processed during the month preceding the month of the report.  It shall contain the number and nature of offenses committed, the disposition of such offenses and such other information as the director of state police shall specify relating to the method, frequency, cause and prevention of crime.  Under no circumstances shall the name of any person be reported.  **History:**  1968, Act 319, Imd. Eff. July 3, 1968.

**28.252 Compilation of monthly uniform crime reports; use.**
Sec. 2.  Upon receipt of the monthly uniform crime reports from the reporting agencies, the department of state police shall prepare a statewide compilation of the statistics contained therein and the resulting statistical compilation shall be available to any governmental law enforcement agency in the state, the judiciary committees of the Michigan state senate and the Michigan state house of representatives, and the federal bureau of investigation, upon request.  The statistics made available through the uniform crime report shall be used for the purpose of studying the causes, trends and effects of crime in this state and for intelligence upon which to base a more sound program of crime detection and prevention and the apprehension of criminals.  **History:**  1968, Act 319, Imd. Eff. July 3, 1968.

**28.253 Voluntary crime reports; inclusion in compilation.**
Sec. 3.  Any governmental police agency, not falling within the description of those required to submit the monthly uniform crime report set forth in section 1, which desires to submit such a report, shall be furnished with the proper forms by the department of state police.  When a report is received by the department of state police from a governmental police agency not required to make such report, the information contained therein shall be included within the monthly compilation provided for in section 2.
**History:**  1968, Act 319, Imd. Eff. July 3, 1968.

**28.254 Reports of wanted persons and stolen vehicles.**
Sec. 4.  The chief of police of each city or village and of each township having a police department, and the sheriff of each county within this state, shall report to the department of state police, in a manner prescribed by the department, all persons wanted by, and all vehicles stolen from, their primary police jurisdictions.  The report shall be made as soon as is practical after the investigating department either ascertains that a vehicle is stolen or obtains a warrant for an individual's arrest or determines that they have reasonable grounds to believe that the individual committed a crime.  In no case shall this time exceed 12 hours after the reporting agency determines that it has grounds to believe that a vehicle was stolen or that the wanted person should be arrested.  **History:**  1968, Act 319, Imd. Eff. July 3, 1968.

**28.255 Reports of apprehension or recovery.**
Sec. 5.  When at any time after making a report required by section 4, it is determined by the reporting agency that a person is no longer wanted because of his apprehension, or any other factor, and when a vehicle reported stolen under section 4 is recovered, the chief of police or sheriff of the reporting agency shall immediately notify the department of state police in a manner prescribed by the department.  **History:**  1968, Act 319, Imd. Eff. July 3, 1968.

**28.256 Inapplicability of act as to traffic misdemeanors.**
Sec. 6.  The provisions of this act do not apply to misdemeanor traffic cases or to persons wanted for misdemeanor traffic offenses, or for the violation of any city, village or township ordinance.  The provisions of this act shall not be construed to in any way affect existing or future laws and procedures governing the reporting of persons wanted for traffic law violations or for the violation of city, village or township ordinances.  **History:**  1968, Act 319, Imd. Eff. July 3, 1968.

**28.257 Domestic violence incidents; report to state police; contents.**
Sec. 7.  The chief of police of each city or village, the chief of police of each township having a police department, and the sheriff of each county within this state shall report to the department of state police, in a manner prescribed by the department, the following information related to domestic violence incidents:
   (a) The number of assaults reported that involve an adult and a minor and the disposition of those offenses.
   (b) The number of assaults reported that involve either 2 male adults or 2 female adults and the disposition of those offenses.
   (c) The number of assaults reported that involve 1 male adult and 1 female adult and the disposition of those offenses.
   (d) The number of crimes reported that involve an individual and his or her spouse, his or her former spouse, an individual with whom he or she has had a child in common, an individual with whom he or she has or has had a dating relationship, or an individual who resides or has resided in the same household; and the disposition of those offenses.
